

Domain/Net/NetFactoryInterface.h

```
graph TD; A[Domain/Net/NetFactoryInterface.h] --> B[Asteroids/ForwardDeclarations.h]; A --> C[memory];
```

The diagram illustrates a relationship where the `Domain/Net/NetFactoryInterface.h` header file is associated with two other components. Two blue arrows originate from the bottom edge of the top box and point to the top edge of the bottom-left box and the top edge of the bottom-right box.

Asteroids/ForwardDeclarations.h
