

Domain/Server/ServerDaemon.h

```
graph BT; A[Domain/Server/ServerDaemon.cpp] --> B[Domain/Server/ServerDaemon.h]; C[Domain/Server/ServerFactory.cpp] --> B;
```

The diagram illustrates a C++ project structure. At the top is a header file, `Domain/Server/ServerDaemon.h`, represented in a grey box. Below it are two source files: `Domain/Server/ServerDaemon.cpp` on the left and `Domain/Server/ServerFactory.cpp` on the right, both in white boxes. Blue arrows point from each source file to the header file, indicating that both source files include the header file.

Domain/Server/ServerDaemon.cpp
